

# WHAT DISTINGUISHES OUR PACKAGING?

## PRACTICAL SOLUTIONS

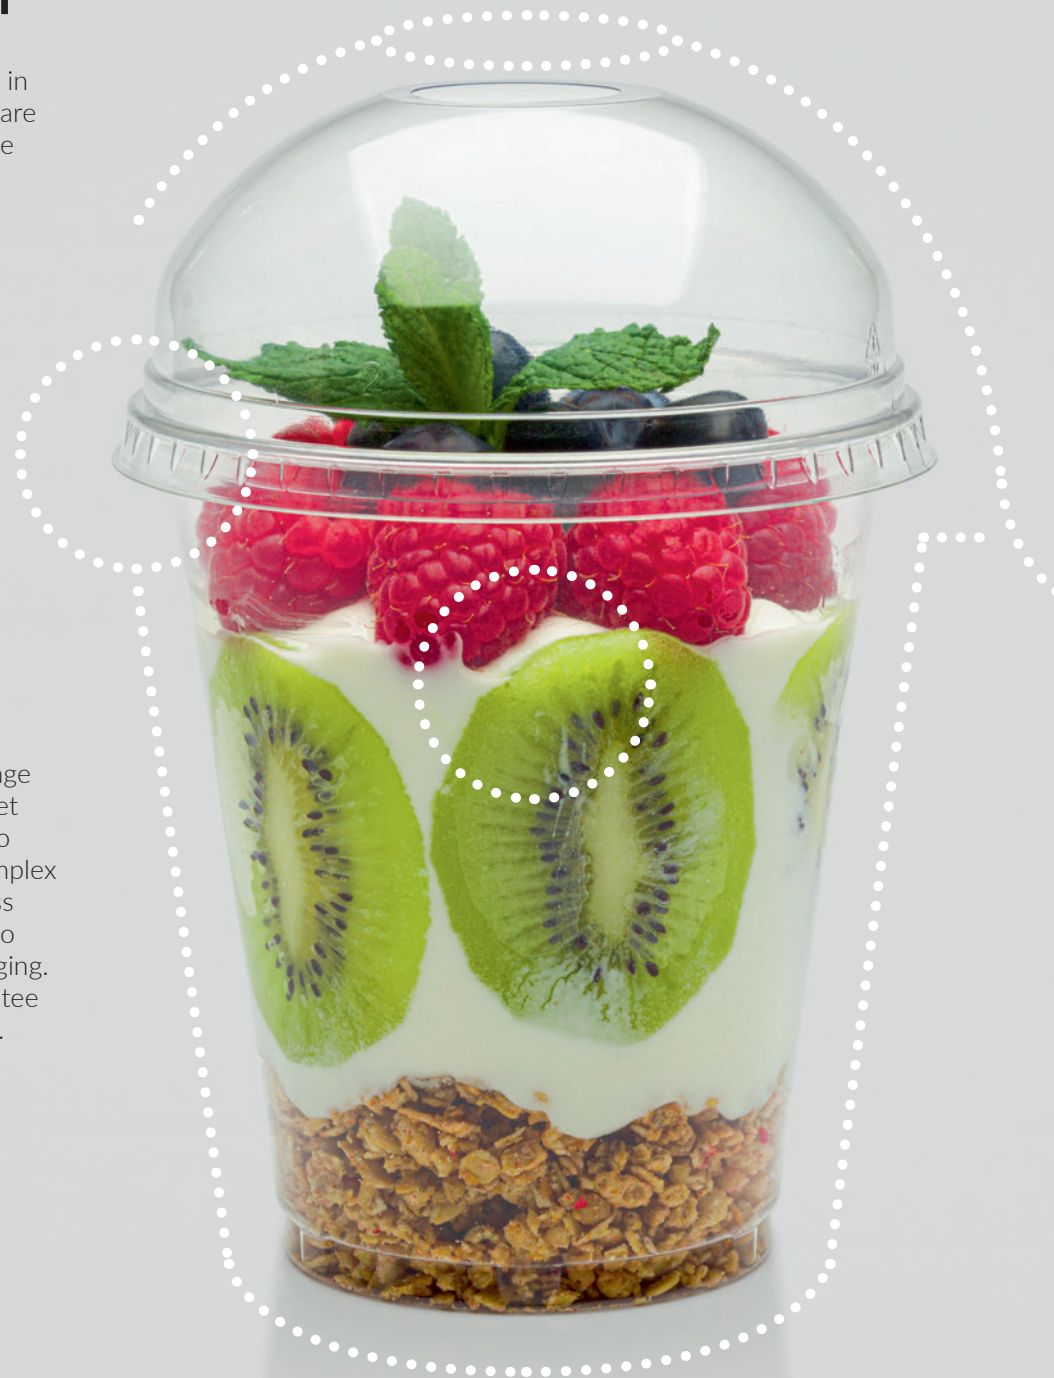

Our packaging is ideally suited to the modern food service market. Depending on the specificity of the products, as well as the expectations of our customers, the packaging can be tailored to specific needs, closed by sealing or with a lid. Thanks to our packaging, the products stay fresh and look attractive for a longer time.

## AESTHETIC FINISH

We create the modern trends in catering. We are perfectly aware of the importance of attractive packaging in the presentation of products. That is why we offer the possibility of a variety of personalisation - from the selection tailored to specific dishes, desserts, beverages and the colour of the packaging, ending with the choice of the lid.

## GUARANTEED QUALITY

We admire our clients for the attention they pay to each stage of production. In order to meet their expectations, we are also guided by the principle of complex control over the entire process - from the production of foil to the creation of a ready packaging. Thanks to this, we can guarantee its quality with full conviction.

# WHY ARE WE TRUSTWORTHY?

## WE CARE FOR THE HIGHEST QUALITY

To create a perfect, defect-free product, we create prototypes and subject them to thorough laboratory tests. The standard of our work is to maintain the highest standards regarding production, health and safety and hygiene: ISO 9001: 2015, BRC IoP, HACCP, GHP and GMP.

## WE INVEST IN DEVELOPMENT

Our goal is to search for new solutions that improve the efficiency of our work and thus enhance the competitiveness of our clients. The production of innovative, environmentally safe packaging using 100% recycled materials, is one of the most important elements of our development strategy. They will be distinguished, among others, by high temperature resistance or reduced weight (foamed packaging).

## WE HAVE EVERYTHING UNDER CONTROL

Creating packaging requires diligence at every stage of production. That's why at Marcato we supervise the entire process: from design, through mould making, film production, thermoforming, and decoration - overprinting or labelling.

## WE CARE FOR THE ENVIRONMENT

We are aware of the responsibility we carry for the environment in which we live. Therefore, we strive to use all raw materials consumed during production in 100%. This is possible thanks to effective segregation, recycling and regranulation processes.

# THE BEST PRODUCT DESERVES THE BEST PACKAGING

## TRAY 227x178

SERIES: G 073  
HEIGHT: 30, 40, 50 mm.  
MATERIAL: PP

COMPLEMENTARY PRODUCT  
LID: G 085

## TRAY 227x178

SERIES: G 074  
HEIGHT: 30, 40, 50 mm.  
MATERIAL: PP

COMPLEMENTARY PRODUCT  
LID: G 085

## TRAY 227x178

SERIES: G 075  
HEIGHT: 30, 40, 50 mm.  
MATERIAL: PP

COMPLEMENTARY PRODUCT  
LID: G 085

## TRAY 227x178

SERIES: G 076  
HEIGHT: 40, 50 mm.  
MATERIAL: PP

COMPLEMENTARY PRODUCT  
LID: G 085

## TRAY 178x117

SERIES: G 012  
HEIGHT: 38, 47 mm.  
MATERIAL: PP, PET

## TRAY 187x137

SERIES: G 090  
HEIGHT: 25, 36, 48, 60 mm.  
MATERIAL: PP

COMPLEMENTARY PRODUCT  
LID: G 006

## SOUP TRAY Ø148

SERIES: N 005  
CAPACITIES: 500 ml  
MATERIAL: PP

## SAUCE TRAY Ø70

SERIES: KK070  
CAPACITIES: 50, 80, 100 ml  
MATERIAL: PP

COMPLEMENTARY PRODUCT  
LID: KP075

## CUP Ø70

SERIES: KK070  
CAPACITIES: 200 ml  
MATERIAL: PP

## CUP Ø78

SERIES: KK078  
CAPACITIES: 200, 250, 300 ml  
MATERIAL: PP, PET

COMPLEMENTARY PRODUCT  
LID: KP082

## CUP Ø95

SERIES: KK095  
CAPACITIES: 300, 400, 500 ml  
MATERIAL: PP, PET

COMPLEMENTARY PRODUCT  
LID: KP099

PP TEMPERATURE RANGE: from +4 to +120 °C  
PET TEMPERATURE RANGE: from -20 to +60 °C  
BASIC COLOURS: WHITE, BLACK, TRANSPARENT. OTHER COLOURS UPON CLIENT'S REQUEST.
